for CONGRESS

RESTORING TRUST THROUGH TRANSPARENCY

"I'm not running to climb the political ladder. I don't have a polished political résumé or a cushy white-collar title. I'm running to fix what's broken. It's time **for transparency, real accountability, and leadership that protects taxpayers, lowers costs, and serves our community first.**"

LET'S REBUILD OUR GOLDEN STATE

FISCAL ACCOUNTABILITY: Demand independent audits of major infrastructure projects, end blank-check federal spending, and protect Bay Area taxpayers from waste, fraud, and massive cost overruns that burden working families.

COST RELIEF: Lower the cost of living for Tri-Valley families by promoting disciplined federal budgeting, more efficient infrastructure investment, and policies that help small businesses grow and create local jobs.

GOVERNMENT REFORM: End career politics by supporting term limits, banning insider trading in Congress, and restoring transparency so elected officials serve the people — not themselves or special interests.
